Saturday – 2pm-3:30pm

Termite problems

For the fourth time in the last 10 years, we have termite problems. They have been found in the exterior walls of the kitchen and storage room, and now for the second time, they are in the wall in the front restroom. In the past we have spot treated the affected area to handle the problem. We are now thinking it is time to treat the entire perimeter of the building to keep this from happening. The cost of this treatment will be \$15,750, and be done by Orkin. We are looking for 10 families that would like donate \$1,500 to help cover this cost. Please write "pest control" in the memo line of your check. Thank you for your help!

**Jóvenes Adultos
St. Maria
Invites you**
